Education

M.Sc. in Statistics, Calcutta University, 1976

Ph.D. in Statistics, Calcutta University, 1982

Experience

ACADEMIC

2022 –	Full Professor, Department of Statistics, Operations, and Data Science, Temple University, Philadelphia, PA
2016 – 2022	Full Professor, Department of Statistical Science, Temple University, Philadelphia, PA
1994 - 2016	Full Professor, Department of Statistics, Temple University, Philadelphia, PA
1988 - 1994	Associate Professor, Department of Statistics, Temple University, Philadelphia, PA
1983 - 1988	Assistant Professor, Department of Statistics, Temple University, Philadelphia, PA
1982 - 1983	Adjunct Assistant Professor, Department of Statistics, Temple University, Philadelphia, PA
1980 - 1982	Research Associate, Department of Mathematics and Statistics, University of Pittsburgh, Pittsburgh, PA
1976 - 1980	Lecturer, Department of Statistics, Calcutta University, Calcutta, India

NON-ACADEMIC

2019-	Member, Advisory Board, Prosoft Clinical and LogEcal Data Analytics, Wayne, PA
2008	Member, Scientific Advisory Committee, Merck Research Labs,
2007	Statistical Consultant, Novartis Pharmaceuticals
2006	Statistical Consultant, Cephalon Inc.

1991 - 2000	Statistical Consultant, Merck Research Lab, Blue Bell, PA
Summer, 1991	Senior Biometrician, Merck Research Lab, Blue Bell, PA
Summer, 1986	Visiting Scientist, Epi-Stat Research Lab, Fox Chase Cancer Research Center, Philadelphia, PA

Professional Societies

- Calcutta Statistical Association (Life member)
- International Indian Statistical Association (Life member)
- Institute of Mathematical Statistics (Fellow)
- American Statistical Association (Fellow)
- International Statistical Institute (Elected)

Honors and Recognitions

- High Achievements in Sponsored Projects, Fox School of Business Management, Temple University, 2014, 2015, 2016, 2017, 2023.
- Elected Fellow, Institute of Mathematical Statistics, 2007
- The Musser Award for Excellence in Leadership for Research, Fox School of Business Management, Temple University, 2000
- Elected Member of Research Roundtable, Fox School of Business Management, Temple University, 1999
- Elected Fellow, American Statistical Association, 1999
- Annual Research Honor Roll, Fox School of Business Management, Temple University, 1999, 2003, 2005, 2007, 2009, 2010, 2011 and 2015.

Grants and Fellowships

- National Science Foundation, "Novel p-Value Based Multiple Testing Methods for Variable Selection with False Discovery Rate Control", 2022-2025 (\$269,695), Principal Investigator.
- National Science Foundation, "Collaborative Research: New Directions for Research on Some Large-Scale Multiple Testing Problems", 2013-2017 (\$126,575), Principal Investigator.
- National Science Foundation, "Bayesian Decision Theoretic Methods for Some High-Dimensional Multiple Inference Problems," 2012-2015 (\$174,975), Co-Principal Investigator.
- National Science Foundation, "Collaborative Research: Constructing New Multiple Testing Methods," 2010-2013 (\$167,659), Principal Investigator
- Summer Research Fellowship, Temple University, 2010 (\$7,000.00)
- Grant-In-Aid for Research, Temple University, 2010 (\$3,000.00)
- National Science Foundation, "Multiple Testing: Further Development of Theory and Methodology," 2006-2009 (\$170,000.00), Principal Investigator
- National Science Foundation, "New Problems in Multiple Hypotheses Testing," 2003-2006 (\$234,000.00), Principal Investigator:
- Summer Research Fellowship, Temple University, 2003 (\$4,500.00)
- Alumni Summer Distinguished Fellowship, Temple University, 1987 (\$4,500.00)
- National Security Agency, "Some Problems in Multiple Comparisons", 2001-2003 (\$40,000.00), Principal Investigator:
- NSF-CBMS Regional Conference in Mathematical Sciences: New Horizons in Multiple Comparison Procedures, August 13-17, 2001 (\$25,000.00), Principal Investigator:
- Temple University Research Incentive Fund Grant, 1998 (\$2,000.00)

Teaching

Taught variety of courses, including many key ones, both at graduate and undergraduate levels. Was nominated for Lindback Award by statistics graduate students.

GRADUATE

Stat 8001-8002 (Probability and Statistics Theory I & II):

This is a two-semester sequence of core courses for MS students in Statistics and some Ph.D. students in Business Administration. It covers basic statistical theories related to problems such as estimation, testing of hypotheses, analysis of variance, and regression.

Stat 8104 (Mathematics for Statistics)

This course is designed to provide beginning graduate students in statistics with the basic results on advanced calculus and matrix theory that appear in various statistical methods.

Stat 8108 (Applied Multivariate Analysis I):

This is an applied course on multivariate analysis that covers several standard statistical techniques used in analyzing multivariate data.

Stat 8166 (Categorical Data Analysis):

This course covers standard statistical methods used in analyzing categorical data.

Stat 9001-9002 (Statistical Inference I & II):

This is a two-semester sequence of core courses for Ph.D. students in Statistics. Advanced statistical theories on estimation and testing of hypotheses are covered in these courses. ***I redesigned these courses and have been teaching over the last many years.***

Stat 9108 (Multivariate Analysis II):

This is an advanced theory course covering multivariate statistical inference problems. I've taught this course in a number of semesters.

Stat 9180-9190 (Seminar Topics):

These courses cover different advanced research topics, which I taught a number of times. In the most recent such courses, I discussed recent advances in multiple testing procedures that become increasingly important as Big Data statistical tools in modern scientific investigations.

UNDERGRADUATE

Stat 1001 (Pre-Calculus for Business)

Stat 1102 (Calculus for Business)

Stat 2101 (Statistical Methods and Concepts)

Stat 2102 (Selected Statistical Applications)

Stat 2103 (Business Statistics)

Stat 2512 (Intermediate Statistics)

INDEPENDENT STUDY

Supervised many independent study courses.

SHORT COURSE/TUTORIAL/WORKSHOP

Short course on *Issues in Multiple Comparisons*, Jointly with Yosef Hochberg, Tel Aviv University, Israel, mainly for statisticians in pharmaceutical companies, in Philadelphia in July 1999.

Tutorial on *Stepwise Procedures in Multiple Testing* at the 55th Annual Deming Conference on Applied Statistics, Atlantic City, December 1999.

Short course on *Modern Multiple Testing* at the Probability and Statistics Day, University of Maryland at Baltimore County, Maryland, April 24, 2009.

Lecture on *Modern Techniques for Testing Large Number of Hypotheses* at the workshop "Statistical Methodology in Medicine and Biological Sciences", MERB 219, Health Sciences Campus, Temple University, organized by the Center for Statistical Analysis, Department of Statistics, Temple University, October 21, 2011.

Lecture (jointly with a PhD student) on *High-dimensional Multiple Testing* at Temple "Big Data" Symposium, Shusterman Hall, Liacouras Walk, Temple University, PA, May 21, 2012.

One-day workshop on Advances in Multiple Testing, Department of Statistics, Calcutta University, January 6, 2024.

Service

At Temple University

DEPARTMENT LEVEL

Chair, Department Merit Committee, 2023-
Chair, Promotion to Full Professor Committee, 2022-2023
Chair, Mid-Point Review Committee, 2022-2023
Member, Department Merit Committee, 2022-2023
Department Chair, 2012-2022.
Chair, Recruiting Committee, 2009-2012
Member, Personnel Committee, 2011-2012
Chair, Department Executive Committee, 2009-2012
Vice Chair, Department Executive Committee, 2008-2009
Member, Graduate Affairs Committee (1987 - 2012)
Director, Graduate Programs in Statistics, 1991-1994
Member, Recruiting Committee, 2006-2008
Colloquium Organizer, 2005-2009
Member, Personnel Committee, 2003-2005
Chair, Stat 21 Common Final Exam Committee, Spring, 2001
Member, Personnel Committee, 1999-2001
Member, Graduate Affairs Committee, 1987-1991
Member, Personnel Committee, 1989-1992
Member, Recruiting Committee, 1989-1990
Colloquium Organizer, 1989-1991
Advisor, Undergraduate Statistics, 1986-1987
Ph.D. Advisory Committee

Primary Advisor

Presently Serving on

Research Round Table

Served before as

Journal Vetting Committee, 2008 - 2018
 Named Professor Committee, 2012 -2018
 Member, Data Science Group, 2018 - 2018
 Member, Sponsored Research Task Force, 2013-2014
 Chair, Selection Committee, Musser Award for Excellence in Research, 2015
 Member, Reaccreditations Review Task Force Sub-Committee on Doctoral Programs and Leadership, 2007-2008
 Member, Selection Committee, Musser Award (Research), 2004
 Member, P&T Review Committee, 2002
 Member, School P&T Committee, 1998-2001
 Member, Ph.D. Review Committee, 1994-1995
 Member, Research Committee, 1992- 1993
 Member, Graduate Affairs Committee, 1991-1994
 Member, Election and Grievance Committee, 1990-1993 (Chaired two sub-committees)
 Member, Ph.D. Advisory Committee
 Barbara J. Shiarappa (accounting, 1987)
 Kathy Dunne (accounting, 1988)
 Theresa Robbins (accounting, 1988)
 Arvind Parkhe (marketing, 1989)
 Dilip Mirchandani (gen. & strategic mgmt, 1993)
 Vivek Chowdhury (gen & strategic mgmt., 1995)
 George Joseph (accounting, 1997)
 Madan Annvarjula (int. bus. admin., 1997)
 Shruti Gupta (Marketing, 2002)
 Nisreen Bahan (Marketing, 2003)
 Joseph Qiu (Risk Management and Insurance, July 2008)
 Jong Eun Lee (Accounting, July 2008)
 Ke Li (Marketing, April 2013)
 Yili (Kevin) Hong (MIS, April 2014)

OUTSIDE TEMPLE UNIVERSITY

Members, PhD Committees,

Ms. Minya Xu, Department of Statistics, Rutgers University, April 2008.

Rick E. Blakesley, Department of Biostatistics, University of Pittsburgh,
July 2008

External Mentor

Dr. Xiongzi Chen, Assistant Professor, Department of Mathematics and Statistics
Washington State University, Pullman, WA 99164 (Fall 2017 - 2022)

Service to the Profession

Editorial Service:

Associate Editors: Annals of Statistics (2010 – 2012);
 The American Statistician (2006 - 2011),

Co/Associate Editor: Sankhyá B (2016 -)
 Sankhyá B (2008 - 2011).
 Biometrical Journal (Special Volume for MCP 2015)

Permanent Invitee, Calcutta Statistical Association, 2023 –

Vice President, Calcutta Statistical Association, 2016 – 2023

Chair, C. R. Rao Memorial Lecture (Speaker: Nitis Mukhopadhyay), Eleventh International Triennial Calcutta Symposium on Probability & Statistics, Kolkata, India, December 27-30, 2024.

Organizer, Invited Session on Multiple Testing, Eleventh International Triennial Calcutta Symposium on Probability & Statistics, Kolkata, India, December 27-30, 2024.

Member, Program Committee, the 12th International Conference on Multiple Comparison Procedures (MCP 2022), Bremen, Germany, August 30- September 2, 2022

Member, Program Committee, the 11th International Conference on Multiple Comparison Procedures (MCP 2019), Taipei, Taiwan, December 12 – 15, 2019

Member, Advisory Committee, Tenth International Triennial Calcutta Symposium on Probability & Statistics (Celebrating the Birth Centenary of Prof. H. K. Nandi), Kolkata, India, December 27-30, 2018,

Chair, S. N. Roy Memorial Lecture (Speaker: Don Rubin), Tenth International Triennial Calcutta Symposium on Probability & Statistics (Celebrating the Birth Centenary of Prof. H. K. Nandi), Kolkata, India, December 27-30, 2018,

Member, Organizing/Program Committee, the 10th International Conference on Multiple Comparison Procedures (MCP 2017), Riverside, CA, June 20-23, 2017.

Member, Advisory Committee, Platinum Jubilee International Conference on Applications of Statistics, Department of Statistics, University of Calcutta, December 21-23, 2016.

Member, Organizing Committee, the 9th International Conference on Multiple Comparison Procedures (MCP 2015), Hyderabad, India, September 2-5, 2015.

Member, Noether Awards Committee, American Statistical Association, 2013-2018.

Organizer, Invited Memorial Session: Damaraju Raghavarao. 2014 Joint Statistical Meetings, Boston, MA.

Chair, Organizing Committee, Conference on High-Dimensional Statistics, Department of Statistics, Temple University, April 12, 2013.

Member, Board of Directors, Calcutta Statistical Association, 2012 - 2015

Member, Advisory Committee, Eighth International Triennial Calcutta Conference on Probability and Statistics, December 27-30, 2012.

Chair, Session on Statistical Issues in Ecological and Environmental Studies 2, 22nd Annual Conference of the International Environmetrics Society, January 3-6, 2012, Hyderabad, India

Organizer, Session on False Discovery Rate, the 7th International Conference on Multiple Comparison Procedures, August 29 – September 01, 2011, Washington D.C.

Organizer, Session on Multiple Testing, 2011 IISA Conference on Probability, Statistics and Data Analysis, April 21-24, 2011, Raleigh, NC.

Chair, Introductory Overview Lecture: Multiple Testing Using Nonparametric and Semiparametric Models, Joint Statistical Meetings, July 31-August 5, 2010, Vancouver, BC, Canada.

Chair, Closing Panel Discussion, Multiple Comparisons in Clinical Trials, Evaluating Practices and Regulations, January 25-27, 2010, Washington DC.

Member, NSF-CBMS Regional Conferences Review Panel, 2003, 2009

Member, NSF Review Panel, 2008.

Member, Organizing Committee, The 7th International Triennial Calcutta Symposium on Probability & Statistics, Kolkata, India, December 2009.

Member, Organizing Committee, the 6th International Conference on Multiple Comparisons, March 2009, Tokyo, Japan.

Organizer, Session on Multiple Testing, Platinum Jubilee Conference of the Indian Statistical Association, Kolkata, India, January 1-4, 2008.

Member, Organizing Committee, the 5th International Conference on Multiple Comparisons, July 2007, Vienna, Austria.

Member, Organizing Committee, the 6th International Triennial Statistics Conference, Kolkata, India, December, 2006

Member, Organizing Committee, the 4th International Conference on Multiple Comparisons, August 2005, Shanghai, China.

Organizer, A session on False Discovery Rate, the 7th Purdue International Symposium on Statistics, West Lafayette, Indiana, June 19-24, 2003.

Co-organizer, NSF-CBMS Regional Research Conference on Multiple Comparisons, Temple University, PA, August 13 –17, 2001.

Chair, Biopharmaceutical Section Best Student Paper Competition Awards Committee, American Statistical Association, 2001 - 2003.

Member, Biopharmaceutical Section Best Student Paper Competition Awards Committee, American Statistical Association, 1999 - 2001.

Member, Organizing Committee of the International Conference on Applied Statistics, Lawrenceville, NJ, May 22-23, 1999.

Organizer, Invited Session on "Statistical Analysis of Combination Drugs." Annual Statistical Meetings, Chicago, August 1996.

Reviewed tenure and promotion cases and wrote expert opinion letter in support of US residency application for faculty in several other universities.

Refereed papers for *Annals of the Institute of Statistical Mathematics*, *Annals of Statistics*, *Biometrical Journal*, *Biometrics*, *Biometrika*, *Calcutta Statistical Association Bulletin*, *Communications in Statistics*, *Computational Statistics and Data Analysis*, *Journal of Biopharmaceutical Statistics*, *Journal of Multivariate Analysis*, *Journal of Statistical Computation and Simulation*, *Journal of Statistical Planning and Inference*, *Journal of the American Statistical Association*, *Journal of the Royal Statistical Society, Sr A*, *Journal of the Royal Statistical Society, Sr B*, *Sankhya Ser A*, *Sankhya Ser B*, *Scandinavian Journal of Statistics*, *Statistica Sinica*, *Statistical Applications in Genetics and Molecular Biology*, *Statistics and Probability Letters*, *Statistics in Medicine*, *Technometrics*, *Test*, *The American Statistician*.

Reviewed grant proposals submitted to National Science Foundation, National Security Agency, Environmental Protection Agency, Israel Science Foundation, Chilean Research Council, The French National Research Agency, and US-Israel Binational Science Foundation. Reviewed PhD theses for doctoral candidates in university/institute in India and Pakistan

BOOK

- (2001) Co-Editor: *Applied Statistical Science V*, Nova Science Publishers, Inc., New York
- (2004) Co-Editor: *Recent Developments in Multiple Comparisons*, IMS Lectures Notes- Monograph Series, Volume 47

INVITED TALKS/LECTURES

1. *International Symposium on Inequalities in Statistics and Probability, Lincoln, Nebraska, October 1982*
“On TP_2 and Log-concavity.” (with S. Das Gupta)
2. *Indian Science Congress, January 1989*
“Analysis of Some Multiple Models for Two-Way Ordinal Contingency Tables Using Association.”

3. *A Conference on Pitman's Measure of Closeness, San Antonio, TX, June, 1991*
"On Estimating the Common Mean of Several Normal Populations Under the Pitman-Closeness Criterion."
4. *The Merck-Temple Conference on Research Topics in Pharmaceutical Statistics, Philadelphia, PA, May 1992*
"Some Remarks on Statistical Issues in Population PK/PD Modeling."
5. *Indian Science Congress, January 1995*
"Some New Results on Order Statistics."
6. *Eugene Lukacs Symposium, Bowling Green, OH, April 1997*
"Probability Inequalities for MTP_2 random variables: A proof of the Simes conjecture."
7. *The Merck-Temple Conference, Philadelphia, PA, September 1997*
"One Good Drug Deserves Another: The Design and Analysis of Combination Drug" (with S. Snapinn)
8. *Meeting of the Princeton-Trenton Local Chapter of the ASA, December 1997*
"Some Results on the Simes Test for Multiple Hypothesis Testing"
9. *Spring Meeting of the International Biometric Society/ENAR, Pittsburgh, PA, March 1998*
"Some Thoughts on Estimation of Ratio"
10. *International Conference of International Indian Statistical Association, McMaster, Canada, October 1998*
"Some Results on Order Statistics with Applications to Multiple Hypothesis Testing"
11. *Mid-Atlantic Probability and Statistics Day, Baltimore, Maryland, November 13, 1999*
"The False Discovery Rate in Stepwise Multiple Testing Procedures"
12. *Sixth International Conference on Statistics, Combinatorics and Related Areas, University of South Alabama, Mobil, AL, December 1999*
"On the Power Function of the Likelihood Ratio Test for MANOVA" (with D. Bhaumik)
13. *The 46th Colloquium of the German Region of the International Biometric Society, Rostock, Germany, March 2000.*
"Asymptotic tests for some hypotheses related to covariance matrices of two dependent random vectors"
14. *Statistical Workshop Honoring Professor John W. Tukey's 85th Birthday, Princeton, N.J., June 2000,*
"Stepwise Multiple Testing Procedures with Dependent Test Statistics"
15. *Fourth International Triennial Symposium on Probability and Statistics, Calcutta, India, December 2000*
"Some Results on False Discovery Rate in Stepwise Multiple Testing Procedures."
16. *NSF-CBMS Regional Research Conference on Multiple Comparisons, Temple University, Philadelphia, PA, August 2001*
"Stepwise Multiple Testing Procedures and Some Results on False Discovery Rate"

17. *Fall Meeting of the Philadelphia Chapter of the American Statistical Association, October 2001*
"False Discovery Rate: Some Theoretical Insights"
18. *MCP2002: The 3rd International Conference on Multiple Comparisons, Bethesda, MD, August 2002*
"Recent Results on False Discovery Rate"
19. *10th Merck-Temple Conference on Research Topics in Pharmaceutical Statistics, Philadelphia, PA, October 2002*
"FDR-Controlling Stepwise Procedures in Multiple Testing"
20. *7th Purdue International Symposium on Statistics, West Lafayette, IN, June 2003*
"False Discovery Rates in Single-Step Multiple Testing Procedures"
21. *Department of Statistics, Calcutta University, Calcutta, India, June 2005*
"False Discovery and False Non-Discovery Rates in Single-Step Multiple Testing Procedures"
22. *Indian Statistical Institute, Calcutta, India, June 2005*
"Generalized Simes' Test"
23. *Department of Biostatistics, University of Illinois at Chicago, November 2005*
"Two-Stage Stepup Procedures Controlling False Discovery Rate (FDR)"
24. *Department of Statistics, East China Normal University, August 2005*
"Generalizing Simes' Test"
25. *Bechhofer-Gupta-Sobel Memorial Symposium on Ranking and Selection and Multiple Comparison Procedures Methodologies, Twelfth International Conference on Statistics, Mathematics and Applications, Auburn University, Auburn, Alabama, December 2005*
"Generalizing Holm's and Hochberg's stepwise procedures for multiple hypothesis testing"
26. *International Biometric Society, Eastern North American Region, Tampa, FL, March 2006.*
"Controlling False Discoveries and False Non-Discoveries in Microarray Analysis"
27. *Kickoff Workshop for the 2006 Summer Program on Multiplicity and Reproducibility in Scientific Studies, SAMSI, Chapel Hill, July 2006*
"Generalizing Some FWER and FDR Procedures"
28. *The Annual Meeting the Institute of Mathematical Statistics, Rio de Janeiro, Brazil, August 2006.*
"Generalized False Discovery Rate"
29. *Department of Biostatistics, University of Pittsburgh, October, 2006.*
"Generalizing the False Discovery Rate in Multiple Testing."
30. *The Sixth International Triennial Statistics Conference, Kolkata, India, December 2006.*
"Roy's Union-Intersection Principle and Multiple Testing" (**Plenary Talk**).
31. *The Sixth International Triennial Statistics Conference, Kolkata, India, December 2006.*
"Generalizing Error Rates in Multiple Testing of Large Number of Hypotheses"
32. *Department of Mathematics, New Jersey Institute of Technology, October 2007.*
"Generalizing the False Discovery Rate."

33. *International Conference on Statistical Paradigms – Recent Advances and Reconciliations, Platinum Jubilee celebration of the Indian Statistical Institute, Kolkata, India, January 1-4, 2008.*
“Generalizing the False Discovery Rate”
34. *Department of Mathematics and Statistics, University of Maryland at Baltimore County, Catonsville, MD, March 28, 2008.*
“A Note on Estimating the False Discovery Rate.”
35. *Department of Statistics, University of Florida, Gainesville, FL, April 2008*
“A Review of Results on False Discovery Rate.”
36. *The 2nd Annual Probability and Statistics Day, University of Maryland at Baltimore County, Catonsville, MD, April 2008*
“New Results on the False Discovery Rate in Multiple Testing.”
37. *International Indian Statistical Association Conference on Frontiers of Probability and Statistical Science, University of Connecticut, CT, May 22-25, 2008.*
“Some New Results on Controlling False Discoveries in Multiple Testing” (**Named Lecture**)
38. *International Chinese Statistical Association 2008 Applied Statistics Symposium, Piscataway, NJ, June 4-7, 2008*
“On Generalizing the False Discovery Rate.”
39. *7th World Congress in Probability and Statistics, Singapore, July 14-19, 2008*
“Generalized Weighted Simes’ Test”
40. *Department of Probability and Statistics, Michigan State University, East Lansing, MI, September 16, 2008*
“A Review of Current Results on False Discovery Rate.”
41. *The Delaware Chapter of the American Statistical Association Dinner Meeting, September 18, 2008*
“Techniques of Modern Multiple Testing.”
42. *The 3rd Annual Probability and Statistics Day, University of Maryland at Baltimore County, Catonsville, MD, April 2009*
“Modern Multiple Testing” (**Featured Speaker**)
43. *Frontiers in Applied and Computational Mathematics, NJIT, Newark, NJ, June 2009*
“On Storey’s q-Value Method for Small-Scale Multiple Testing.”
44. *17th Temple Conference, Plymouth Meeting, October 16, 2009*
“Recent Advances in Multiple Comparisons: What Error-Rate Will Serve Your Goals?” (with Yoav Benjamini),
45. *Department of Statistics, Texas A & M University, November 12, 2009*
“Controlling Different Error Rates in Multiple Testing: Some Recent Developments”
46. *Seventh International Triennial Calcutta Symposium on Probability & Statistics, December 28-31, 2009.*
“Control of the Familywise Error Rate Using Adaptive Multiple Testing Methods”

47. *Joint Statistical Meetings, Vancouver, BC, Canada, July 31-August 5, 2010*
"Adaptive Multiple Testing Procedures Controlling the Familywise Error Rate"
48. *International Conference on Probability, Statistics and Data Analysis, April 21-24, 2011, Raleigh, NC.*
"Adaptive BH Procedures Controlling the FDR under Positive Dependence and with Improved Power"
49. *Statistical Challenges in Modern Astronomy V, Center for Astrostatistics, Penn State University, June 13-17, 2011.*
"Astronomical Transient Detection using Grouped p-Values and Controlling the False Discovery Rate"
50. *International Chinese Statistical Association 2011 Applied Statistics Symposium, New York, NY, June 26-29, 2011*
"Control of Generalized False Discovery Proportion"
51. *The 7th International Conference on Multiple Comparison Procedures, August 29 – September 01, 2011, Washington D.C.*
"Controlling the False Discovery Rate in Two-Stage Combination Tests for Multiple Endpoints"
52. *The 22nd Annual Conference of The International Environmetrics Society, January 3-6, 2012, Hyderabad, India*
"Detecting Changes in East African Vegetation using Multiple Testing Methods"
53. *Department of Statistics, University of Calcutta, India, January 2012*
"Astronomical Transient Detection Controlling the False Discovery Rate"
54. *Frontiers in Applied and Computational Mathematics, NJIT, Newark, NJ, May 18-20, 2012.*
"Capturing the Severity of Type II Errors in High-Dimensional Multiple Testing."
55. *Eighth International Purdue Symposium on Statistics, June 20-24, 2012.*
"Capturing the Severity of Type II Errors in High-Dimensional Multiple Testing."
56. *Eighth World Congress in Probability and Statistics, Istanbul, Turkey, July 9-14, 2012.*
"Further Results on Controlling the False Discovery Proportion."
57. *Joint Statistical Meetings, Montreal, Canada, August 3-8, 2013*
"High-Dimensional Multiple Testing in a Two-Stage Adaptive Design Setting."
58. *Department of Statistics, James Mason University, November 22, 2013*
"Multiple Testing in a Two-Stage Adaptive Design with Combination Tests Controlling the False Discovery Rate"
59. *Bayesian and Interdisciplinary Research Unit, Indian Statistical Institute, Kolkata, India, January 2, 2014.*
"Controlling False Discovery Rate in Two-Stage Multiple Testing"
60. *ENAR 2014 Spring Meeting, March 16-19, 2014*
"Adaptive Controls of FWER and FDR Under Block Dependence"

61. *Frontiers of Hierarchical Modeling in Observational Studies, Complex Surveys and Big Data: A Conference Honoring Professor Malay Ghosh, College Park, May 29-31, 2014.*
"Multiple Testing of Grouped Hypotheses: A Decision Theoretic Approach (**Plenary Talk**)"
62. *2014 IMPACT Symposium III, Durham/Research Triangle, NC, November 20, 2014.*
"Improving Holm's procedure using pairwise dependencies,"
63. *The 9th International Triennial Calcutta Symposium on Probability & Statistics, Kolkata, India, December 28-31, 2015.*
"Multiple Testing of Grouped Hypotheses,"
64. *The 2016 Probability & Statistics Day, A Celebration of Professor Bimal Sinha's 70th Birthday, May 20-21, 2016.*
"Improving Holm's Procedure using Pairwise Dependencies."
65. *Joint Statistical Meetings, Baltimore, MD, July 29- August 3, 2017*
"New Approaches to Multiple Testing of Grouped Hypotheses"
66. *Beijing International Center for Mathematical Research, Beijing, China, July 2, 2018*
"Local False Discovery Rate Based Methods for Multiple Testing of One-Way Classified Hypotheses"
67. *Biostatistics and Research Decision Science Center, Merck Sharp & Dohme (China), Beijing, China, July 3, 2018*
"Group Sequential BH and its Adaptive Versions Controlling the FDR"
68. *School of Management, Fudan University, Fudan, China, July 4, 2018*
"Local False Discovery Rate Based Methods for Multiple Testing of One-Way Classified Hypotheses"
69. *School of Statistics and Management, Shanghai University of Finance and Economics, Shanghai, China, July 5, 2018*
"Group Sequential BH and its Adaptive Versions Controlling the FDR"
70. *School of Statistics and Data Science, Nankai University, Nankai, China, July 6, 2018*
"Local False Discovery Rate Based Approach to Grouped Hypotheses Testing"
71. *Symposium in Honor of Prof Yoav Benjamini's 70th Birthday & 10th Conference of the Eastern Mediterranean Region of the International Biometrics Society (EMR-IBS), Jerusalem, Israel, December 17-20, 2018*
"Controlling False Discoveries in Testing One-Way and Two-Way Classified Hypotheses"
72. *Tenth International Triennial Calcutta Symposium on Probability & Statistics (Celebrating the Birth Centenary of Prof. H. K. Nandi), Kolkata, India, December 27-30, 2018*
"Group Sequential BH and its Adaptive Versions Controlling the FDR" (**Special Lecture**)
73. *Joint Statistical Meetings, Denver, Colorado, July 27- August 1, 2019*
"Adapting to One- and Two-Way Classified Structures of Hypotheses While Controlling False Discoveries"
74. *Joint Statistical Meetings, Denver, Colorado, July 27- August 1, 2019*
"Adapting to One- and Two-Way Classified Structures of Hypotheses While Controlling False Discoveries"

75. *Computational and Methodological Statistics (CMStatistics 2020), Virtual Conference, December 19-21, 2020*
 “On the development of a Lfdr-based approach to testing two-way classified hypotheses.”
76. *International Online Seminar on Selective Inference, Thursday, August 12, 2021.*
 “Adjusting the Benjamini-Hochberg Method for Controlling the False Discovery Rate in Knockoff-Assisted Variable Selection”
77. *Online Invited Sessions: MCP Conference 2022, 12th International Conference on Multiple Comparison Procedures, Friday, September 10, 2021.*
 “Adjusting the Benjamini-Hochberg Method for Controlling the False Discovery Rate in Knockoff-Assisted Variable Selection”
78. *Department of Mathematics and Statistics, Washington State University, March 2, 2022, Online Seminar.*
 “Novel p-Value Based Multiple Testing Methods for FDR-Controlled Variable Selection.”
79. *Department of Mathematics and Statistics, University of Maryland at Baltimore County, March 15, 2024.*
 “Shifted BH Method for Controlling the False Discovery Rate in Multiple Testing of the Means of Correlated Normals Against Two-Sided Alternatives.”
80. *Theory and Foundations of Statistics in the Era of Big Data, Florida State University, Tallahassee, FL, April 19-21, 2024.*
 “BH-Type FDR Controlling Methods for Simultaneous Testing of Multivariate Gaussian Means Against Two-Sided Alternatives with Known and Unknown Covariance Matrices.”
81. *University of South Carolina, Columbia, October 31, 2024*
 “Controlling False Discovery Rate in Multiple Testing of Correlated Gaussian Means Against Two-Sides Alternatives”
81. *Eleventh International Triennial Calcutta Symposium on Probability & Statistics, Kolkata, India, December 27-30, 2024.*
 “False Discovery Rate Controlling Multiple Testing Procedures for Correlated Gaussian Means Against Two-Sided Alternatives: Some Recent Advances.”
82. *Indian Statistical Institute, Kolkata, India, January 7 & 17, 2025.*
 “Foundational Results in Multiple Testing” (Lecture 1, January 7):
 “Recent developments on FDR Controlled Variable Selection” (Lecture 2, January 17).
