Global Strategic Business Leader & Educator

Strategy | Leadership | Brand Management | Experiential Educator | Digital/Multichannel Marketing

An innovative strategic business and marketing executive with diverse experience developing global brand strategy and operating plans across industries and customers. A leader, peer and mentor that is recognized for finding asymmetric approaches that drive outcomes by leveraging data and applying the latest digital approaches. An experiential educator that encourages student teams to embrace innovation, develop commercial grade strategic recommendations and produce results for clients.

Notable Accomplishments

- Led and advised on multiple client projects for Fox Management Consulting at Temple University including repeat projects in various industries (CPG, Tech Start-Ups, Financial Services - ongoing)
- Initiated and led the first innovation and futures marketing team at GSK
- Built and led the award winning, *Temple Made* brand platform at Temple University, the university's most successful campaign and the first social/crowdsourced campaign in Higher Education
- Globally launched the world's 1st nitrogen flush teabag for Teabox.com
- Turned around the strategy for Levitra a men's health GSK brand to profitability
- Redesigned Teabox.com and BodekandRhodes.com to improve customer experience (CX) and sales conversion rates
- Built the 1st transactional database for IKEA NA to improve catalog marketing operations and ROI
- Created new creative and content marketing tools for IKEA and Bodek and Rhodes that increased product sales and customer brand engagement

Consulting & Teaching Experience - Current

Assistant Professor of Practice, Department of Strategic Management - Fox School of Business

Client Consulting Lead - Fox Management Consulting (FMC) Temple University

Key Responsibilities:

- Professor of Global Studies – Undergraduate Capstone. Ensure undergraduates have a thorough understanding of core strategic concepts (Porter's Five Forces, GDPEST, VRIS etc.) and are able to apply those concepts to cases. Develop their business capabilities including the ability to effectively work in teams, present strategic plans and analyze cases.
- Professor of the Strategic Management Capstone – graduate level. Responsible for teaching graduate students' key strategic business concepts that are then applied to live client projects. Uphold academic integrity and requirements to fulfill the Capstone. Manage Project Executives and Advisors who are supporting MBA candidates on live projects to level set expectations and to ensure that the MBA teams are producing commercial grade projects for FMC clients.
- Experienced at teaching students online and leveraging career experience to illuminate core learning concepts.
- Build the FMC project pipeline by identifying new clients and or client geographies (Lehigh Valley/Southern NJ)
- Initiate and facilitate client meetings and write project charters and scope.
- Develop relationships in the community to improve client experience and grow the sales funnel for FMC.
- Identify other opportunities for clients to engage with FMC through Executive Education and the Fox Board of Fellows.

Executive Advisor/Project Executive - Fox School of Business Management Consulting at Temple University

Lead executive advisor of MBA student teams on client enterprise strategy projects. Ensure consulting project deliverables are commercial grade. Interface with clients in diverse industries and support business development for the university. Mentor MBA capstone students on key academic graduate requirements including how to build business and marketing plans.

Leadership Positions

Senior Vice President, Marketing for Teabox (Teabox.com)

2016-2017

Built the FMCG global marketing strategy for a disruptive retail e-commerce startup in India that is innovating the tea industry to direct source and deliver the world's freshest tea. Analyzed and led the global business strategy identifying market opportunities and an implementation roadmap. Developed the marketing capabilities of the Indian based team.

Key Accomplishments:

- 1st nitrogen flush teabag – The TeaPac – Launched a full cycle operating and marketing plan. Including market research, brand positioning, design and global pricing.
- 20% improvement in paid online marketing through a digital audit increasing YOY sales in Q4 2016
- Improved e-commerce sales performance and conversion by reviewing the UI/UX
- Implemented 1st growth strategy plan to leverage Amazon, Flipkart and other affiliate retail partnerships
